# Director's Message

For many of us the riding season is approaching and for some of us it has never ended. To those that never truly put their bike up for the winter, I salute you!! Nicci and I rode to dinner for Valentine's Day this year, and it was just a tease. I have literally walked out to the garage just to tell my bike that I miss her. lol

Anyway, we have a great year to look forward to in the coming months. Our big overnight rides this year will be upon us very soon. Asheville, NC to visit the Biltmore Mansion. Pikeville, KY to hit twisties. Northern and Eastern Challenge Coin Rides led by Dave Blankenship. And don't forget about French Lick for a nice little weekend getaway to watch some wood carving.

Ride 365 Challenge:

It is with great sorrow that I must inform you that we did not get the most miles in the Mid-Atlantic Region this year. We finished the year with 609,284 miles. Being as competitive as I am, this was a humbling experience. It has reminded me that if our motto is to Ride Safe and Have Fun, then the only thing that should matter at all is that we all had fun. I don't care about the 2023 Ride Challenge at all. Get out there and ride, explore, and have fun doing it!! If you want to turn in your miles great, if not, all good! Just have fun this year and if you have any suggestions on things to check out, please tell the chapter about it.

Here's to a great year!!

Ride Safe and Have Fun!!!

# RIDE365

## HD Sponsored Program

### **What does it do?**

- Recognition for lifetime riding
- Recognition for annual riding (gift cards for milestones)
- Recognition for annual Chapter Challenge

### **Why?**

- Celebrate Good Times and Milestones
- Contribute to Chapter competition with those within our region

### **What do you have to do?**

- Beginning and Mileage for the Year (you can turn in multiple throughout the year)

# Chapter Mileage

## What is the Tire Program?

It is for our chapter ONLY and is built to recognize and reward those within our chapter.

## What you get?

- Entry for every 1,000 miles for drawing at the end of the year for a new tire
- The male and female with the most miles get a new tire
- Name on the Annual Plaque for those over 10,000 miles

## What do you need?

Beginning and Ending Mileage (finishes at the December Meeting).

## How do I turn in my mileage?

Email Nicci at [nlegere@hdofindy.com](mailto:nlegere@hdofindy.com) with the following:

1. HOG Number
2. VIN Number
3. Mileage
4. Picture of Odometer (if you don't know how to send the picture we can help). Just don't fib on mileage.

If you have multiple Harley's (good for you), you will have to turn in mileage for each motorcycle. That is your penalty for being a show off.

## Why can't my beginning and ending mileage be the same?

Because lesser HOG groups require that you do this through the service department and you normally would have to ride into the dealership to do a reading.

## What about Associate Members?

Associate Members are not eligible for the tires or plaque or prizes from our chapter.
