

Cimental Family

Our family consists of nine members, including four boys and three girls.

We joined the Nevada Childhood Cancer Foundation (NCCF) in June 2023 after our oldest son, JoseLuis was diagnosed with a brain tumor.

Joseluis underwent surgery, radiation and chemotherapy over the course of the last 2 years, but his cancer returned in March 2025, leading to his passing on September 3, 2025.

It has been so hard for our family since his diagnosis because I had to leave work to care for him, which left my husband as the only income for our large family. JoseLuis fought so hard and was so excited to start high school this year, but he never made it.

We hope he is cancer-free with the Lord and happy and loved. As for us, we will always love and miss him for the rest of our lives. He will always be remembered as a smart, joyful big brother, son, and friend. This is a difficult time for us, and it is a true blessing for us to have help and donors like you. You are angels God sends to people like us, and we are very grateful from the bottom of our hearts!

Valarie Cimental - Age 13
