## DIRECTOR'S MESSAGE

*Welcome to the 2020 riding season!*

I am happy to be back as your director for another year and thank you so much for your support. We had a great year with group rides and fun events in our opening "F" year. (Current members will understand.) As always I want to thank all our members that volunteered to make last years efforts a success. We couldn't have done it without you.

With that said our Road captains are already working hard to come up with new, exciting and safe rides and implementing some changes to keep things fresh and fun. So, shake off the winter blues and join us for the best therapy there is for a HOG owner....Ride! It's even better when shared with friends and family.

Your officers and volunteers have a desire to make this chapter even better and with your participation that will happen. This past year has been a big success and in some cases groundbreaking (RCs) in the HOG world. I encourage you to share any idea(s) you may have with the officers. My e-mail is always available or better yet, share your thoughts while at our next event.

Ride safe and do consider being a volunteer to help us out. We can't do it alone.

I am proud to be a part of this HOG family and thank you all for making 2020 one to remember.

## SUNSET CHAPTER HAS LOTS OF COUPLES THAT RIDE TOGETHER!!

LOVE IS IN THE AIR .. HARLEY STYLE

It's February and Love is in the Air...Harley Style! No road is too long when you have the right person by your side. Many of our chapter members are couples who ride together. Either having met each other through riding or discovering it together. Some ride two-up and others on their own bikes, these couples who ride together love it. They spend time connected with each other in this passion for motorcycle riding. Hitting the road together can be a bonding experience like no other. Couples create and share memories of their adventures on the road that can last a lifetime.

Those who share the road on the same or separate motorcycles experience a physical closeness that is rarely replicated by non-riding couples. After all, bikers spend hours of time with each other bodies together, attuned to the body language and signals of the other as they move together down the highways. Perhaps motorcycles are not only good for the soul, but also good for the heart!

## 2019 CHRISTMAS PARTY

More photos of our Christmas Party on the website  
at [www.sunsethog.com](http://www.sunsethog.com)

Our Christmas Party had a fun theme to it named Eat, Drink & Be Ugly. Sunset Chapter certainly went all out getting their ugly on! Everywhere you looked members had some fantastic ugly sweaters and outfits out there. I saw many new faces and that is what we like to see. The room rumbled with conversation and music all night.

Ugly sweaters galore strutted their stuff around the party tables for a chance to win one of the a variety of ribbons. From The Tackiest Outfits, won by Jerry & Tracy, The Most Original, won by Sandy, Best Hand Made won by Dotty, Most Sparkly, won by Lisa, Most Creative, won by Russ, Most Colorful and Most festive, won by Angela Our big winner was Mike Simone for the ugliest or the ugly. Congratulations Mike! Our DJ returned again and did a great job with members dancing the night away. But the party didn't stop there! The after-hours party picked up afterward in the suite letting the good times roll A big thank you to all who volunteered to make our party awesome. I'm sure we all are looking forward to the 2020 Christmas Party, but first let the riding season begin with some great rides the Road Captains have planned for us.

## JANUARY PANCAKE BREAKFAST

We had a terrific Waffle Breakfast served up to kick off January. It was a great turnout for members to meet-up, it was even nice out for some who rode in. A big thank you to those did all the cookin' to make breakfast such a success.

Miles from your 2019 Ride 365 will not carry over. You may check-in your mileage at any time during the year. The annual program recognizes miles ridden from January 1 - December 31, so it's smart to check-in mileage at

## PARADISE HARLEY-DAVIDSON'S SPOTLIGHTS ON NICK MEANEY!

I had the pleasure to sit down with Paradise's very own Nick Meaney. Nick is someone it is a great pleasure to see when you walk in the door. Always with a handshake or hug he's a major part of Paradise.

Nick was born on a snowy January day in New Mexico and moved up to Oregon 13 years ago. He started riding motorcycles when he was 15 years old. It was a Yamaha, chopped up to look like a Triumph. He currently has two bikes he owns now. A 2000 Harley-Davidson Dyna Convertible and a Hardtail Sportster that was either an 01' or 03'. His dream bike to own though is a custom hand-built Knucklehead. One always just needs "one more bike".

There is a particular memory that stood out for Nick about motorcycle riding as a kid that he shared was with his dad and uncle. "I don't remember them ever riding, but I remember them sitting in our garage, drinking beers, taking about riding and working on their bikes. For me it was lie there was nothing cooler. It was like more of just a sign of your masculinity. There was just nothing cooler for me back then watching these to guys with slicked back hair working on their motorcycles and drinking tons of beer. It is what motivated me to want to ride. I just though my dad and my uncle were the coolest people on the planet."

Nick has great memories of going on lots of awesome rides over the years. He shared one from last year his crew rode up through Washington to Pendleton Oregon. He went in September and it was cold and wet. Those drastic changes going through the Willamette Valley in the lush and green. He went to Hood River and crossed over the Bridge of the Gods. As soon as you get a little east of the valley it was dry and warm. It was those drastic changes in weather and scenery within a 150 miles was my favorite part of it.

Nick's been working for Paradise Harley-Davidson for 13 years this month and is the General Sales Manager there, but with his great sense of humor, he pointed out he cleaned the bathrooms up that morning for whatever the title was worth. What he loves the most about working at Paradise was easy, the staff of course! Over the last 13 years he's watched some of the employees have kids, they help each other in lots of ways, they hang out and sleep over at each others houses. They've been riding and camping together. They are always making jokes, like they are a little mafia family that does everything together. There's not a whole lot of outsider it's just us and we love hanging out outside of work.

*Continued on Page 13*

## OUR NEW SECRETARY MERRYLEE!

**Merrylee Warner**  
2014 Fatboy

I have been riding a Harley since 2010. I currently ride a 2014 Fatboy.

I became interested in Harley's as a little girl. My Uncle Ferd owned them since he came home from WWII. He would give us rides and I was hooked. I returned the favor when he could no longer drive by giving him rides on his Harley trike.

## PARADISE HARLEY-DAVIDSON'S NICK MEANEY

*Continued from page 12*

That's the thing he likes most. The other thing is just the people, to talk to somebody who's been riding motorcycles for 50 years and hear all their awesome old stories and what motivated them to ride and some of their favorite rides. Even somebody who's just started riding 6 months ago who has that excitement and has that motorcycle stoke that that's all they ever think about and they don't care if it's cold or rainy or hot you know they just want to be on their bikes. It's the people's passion and motorcycle experiences. We say it all the time, it's the same wind going 55 miles an hour so it doesn't matter if its the old Honda or a CVO, you're getting the same experience from it. Two wheels are two wheels. It's the diversity of people who've been riding forever or just started riding

and sharing their experience. It makes for an awesome job.

When not working at Paradise and not on his motorcycle, Nick has two boys and he's "acquired" two more blondes, he is always spending time with them more than anything. Well I had to have Nick clarify what "acquiring two more blondes" really meant! He said when he met Venessa she had a 2 and 4 so they're 6 and 10 now. So it's spending time with the kids.

Nick is a fantastic guy at Paradise Harley-Davidson. A big thank you to Nick for spending the time to sit down and have an interview done with us at our HOG Chapter. Give Nick a hello the next time you see him!
